

(1/7) Team 3176

Introduce Yourself(Hello, my name is _____)

Team 3176 is Brownsburg High Schools Robotics Team. We are a 501c3 not-for-profit organization dedicated to spreading Science, Technology, Engineering, and Math (STEM) in our community.

(2/7) 501c3

Team 3176 was founded in 2009 with only 12 students and 6 mentors, now heading into our 11th season, we have around 50 students and 10 mentors. We work with FIRST, a world-wide robotics competition organization. FIRST stands For Inspiration and Recognition of Science and Technology. With them we compete at the FRC, or First Robotics Competition High School Level.

(3/7) (3) Successes

In the last few years Team 3176 went from a rookie robot to a dominating district competitor. Although state competition in our last season didn't go over as well as we had hoped, we still remained very successful in terms of the awards we won. We were awarded the Controls in Innovations award, highlighting the fantastic work done by our Programming team. We also received the Industrial Design award that highlighted the efficiency of our robots design.

(4/7) Community Presence

Team 3176 is an Active Organization, having participated in many events such as American Cancer Society Relay for Life, Special Olympics Polar Plunge, and local Cardinal Engineering Night to name a few. We have also added a FIRST day to our events where we host games and activities for middle schoolers centered around STEM.

(5/7) Finances

Operating as a small business, Team 3176 runs on a budget of approximately \$40,000, this is significantly higher than many other High School club sports due to transportation and match registration. Due to this, Mentors and Sponsors are a huge support.

(6/7) Sponsor Presence

Sponsors are a vital connection to our community, we'd love to see you as a gold sponsor. At this tier, your name and logo will appear on our robot , T-shirts, and Website. As well as being highlighted in our newsletter. And are featured in every community outreach event.

(6/7)

All capital donations are tax-deductible as we are a 501c3. Again, We'd love to have you as a Gold Status Sponsor, however not all donations are currency, In-Kind Donations are a fantastic way to support Team 3176.

(7/7)

Any form of patronage is aiding us to enthuse the next generation of engineers, we appreciate the time you have given us.

(7/7)

Thank Sponsor for Time
